THE LATE MISS BAXTER. WE the nudersigned having been designated by the late Miss Baxter to take charge of her Estate and to make such arrangements as we might deem necessary in regard to the Orpha's and their Children whom she had from time to time received under her protection . take the earliest opportunity of placing before the community the position in which we found the estate and the measures we have adopted. It was evident to us on enquiry and examination that the number of Children congregated in Miss BAXTER's two Houses, in Bonhum Road, was

too large and the resources at her disposal tim limited to admit of the Children being properly accommodated, fed, clothed and educated. It was accordingly decided to reduce the number of Girls and Boys to within such a reasonable limit as would, with the pecuniary assistance. we might hope to receive, emble us to de justice to all retained. In the selection of the Children to be so retained we were careful to shew a preference to those who had been the greatest source of solicitude and anxiety to the late Miss BAXTER. As a temporary measure and pending comnunications from the Friends of Miss. BAXTER. in England, it has been arranged through the kindness of the Committee and Trustees of the
